LEVI from 1A

a personality profile early on of the type of person who may have committed the murder, but he won't disclose any details.

He also wouldn't say whether any DNA evidence was recovered from the scene that could link the crime to an individual. In recent years, several unsolved crimes have been cracked thanks to new DNA databases containing the genetic data of felony offenders.

Cagle will say that investigators are carefully re-examining the physical evidence, which he says has been painstakingly preserved.

"Forensic capabilities have changed, so we're reviewing the evidence to see if we need to resubmit it," Cagle said.

The entire Frady file — all 66 volumes — has been getting a new look in recent months, part of a routine review done in all unsolved murders, Cagle said.

"Although it's what I would call a cold case, it's still an active case," he said. "It's not a closed matter. We're still working on it."

Carlisle, who was sheriff at the time, said the case is "very frustrating. It's the only unsolved homicide in the county."

"I think about it all the time, especially this time of year," Carlisle said. "If we could solve it, it would be a tremendous relief for me."

• 4:12 p.m. Levi calls his mother at her workplace in Alpharetta, and tells her that he is going over to visit a friend on Noah Road and is also going by another friend's residence. His mother tells Levi to be home by 6:30 p.m.

• 4:12 p.m. - 5 p.m. A couple walking on Little Mill Road sees Levi riding his bicycle past their driveway heading in the direction of another couple's residence (on Little Mill Road). They observe that Levi has his book bag strapped on his back.

• 4:30 - 5 p.m. Another neighborhood resident sees Levi riding his bike in the direction of Levi's friend's house.

• 4:40 p.m. - 5:45 p.m. Levi and his friend (friend #1) ride their bicycles over to another friend's (friend #2) residence and play on the trampoline. During the visit, friend #2 invites Levi to go out to eat with his family. Friend #1 does not have the money to go and declines. Levi does have money with him and calls his residence to talk with his mother. She is not at home.

• 4:55 p.m. His mother leaves work en route to school to pick up her daughter.

• 5:30 p.m. - 5:45 p.m. Levi's mother and sister arrive home bringing carry-out food from a local fast food restaurant.

• 5:45 p.m. - 6 p.m. Friend #2 and his family leave their residence en route to the restaurant to eat. Levi and friend #1 leave the residence at the same time en route back to the residence of friend #1. Note: Levi leaves his book bag on the patio of the residence of friend #2.

• 6:25 p.m. - 6:35 p.m. A witness is traveling down Little Mill Road in his Ford Bronco pulling a trailer. As he is approaching Frog's Creek, he meets a beige F-150 truck followed by an Oldsmobile or Pontiac station wagon with ladders and a ladder rack. He stops to let the truck and station wagon go by. As he continues traveling, he meets two boys coming down a hill on their bicycles on the right side of the road. He then continues up the hill and sees a man walking down the hill on the left side of the road. The man has been picking up cans. (See composite sketch A)

• 6 p.m. - 6:38 p.m. Levi remains with friend #1, and at 6:38 p.m., they travel over to another residence to use the telephone. Levi's friend remains outside the residence, and Levi calls home and talks with his sister. Note: Levi's mother is in the bathtub and tells her daughter to tell Levi to come straight home. Levi says that he does not want to ride his bicycle home because it is getting dark and Levi mentions being afraid of some of the dogs he would encounter on his way home.

• 6:45 p.m. - 6:50 p.m. Levi leaves the residence of friend #1 on his bicycle traveling in the direction of Little Mill Road. Levi travels in this direction to avoid encountering the dogs on the other route, which would have been Picklesimer Road (the direction he initially came when traveling to his friend's house after 4:12 p.m.)

Sketch B

• 6:50 p.m. A resident sees Levi traveling on his bike down Little Mill Road heading in the direction of the residence of friend #2. Note: the resident observed a small black dog following Levi.

• 6:52 p.m. - 7 p.m. A motorist, a stranger in the community who was lost, drives past a man described as being between 35 and 60 years old, having grayish black or light brown hair (scraggly and unkept). She observes that the man is wearing possibly blue jeans and a white or light colored shirt with the sleeves rolled up. She stops and attempts to ask the man for directions. The man does not respond to her when she says, "Mister." The man walks off into the woods immediately after she speaks. The location where the man walks off into the woods is located at a resident's driveway, which is within a few hundred feet of where Levi's bike was ultimately found. She did not see a bicycle lying on the side of the road in that area during that time.

• 7 p.m. Levi's mother calls Levi's friend's residence looking for her son but gets no answer.

She tells her boyfriend that she is going to look for Levi because he has not come home yet. During this search, Levi's sister sees a bike that looks like the one belonging to her brother lying on the side of the road at a driveway on Little Mill Road about a half mile from Levi's home. She tells her mother, but her mother does not hear her. The mother travels to Levi's friend's house and after checking there, returns home. Levi's sister does not mention seeing the bike again.

• 7:34 p.m. Levi's mother and sister are back at their residence, and Levi's sister calls her friend and tells her that Levi has not come home.

8:01 p.m. The family of Levi's friend #2 purchases items at the Kmart in Cumming after the family went out to eat and writes a check.

They find the bicycle in the ditch located adjacent to a driveway and pick the bike up and take it over to Levi's mother's house. The family discusses the matter and decides to take the bicycle back to its location before law enforcement arrives.
